

The Garden District
Mazyck-Wraggborough Neighborhood Association Notes 9/18/2006

Our last meeting of The Garden District Mazyck-Wraggborough Neighborhood Association was Monday, September 18, 2006 at 7:30 p.m. held at the Rising High Bakery.

Our City Councilman, Robert Mitchell was present to discuss the latest fight against drugs and crime in the East Side. He said to date it has been difficult to get community participation in the crime walks. He said for the present, he is committed to get the East Side neighbors to work towards solutions rather than others coming in from outside. Later, he may ask our assistance.

The architect for the planned addition at 15 Judith, Ashley Jennings, made a presentation on the proposed new building. The plan which was to place the new building across the back of the lot would need a variance. A vote was taken to oppose the request for a variance.

Charles McCrary, owner of 24 Charlotte, was scheduled speak about his plans for the property, but he did not appear.
