

The Garden District
Mazyck-Wraggborough Neighborhood Association Notes 10/17/06

The Garden District Neighborhood Association last met on October 17, 2006 at 7:30 p.m. at the Rising High Bakery.

The meeting was called to order; the minutes were read and approved. Discussion on the addition to 15 Judith Street was continued with emphasis on the information contained in the Master Deed. We will continue to follow this closely.

It was confirmed that violations of the city work permit continue at the renovation at 41 Chapel Street, and another stop work order has been issued.

Another issue of prime concern is the loss of yards in the Neighborhood. No yard means no green space, which means no garden district. We will investigate working with the city to protect our green space.

The Christmas party was voted on and will again be held at Vangie Rainsford's home with attendees bringing dishes. The association will provide drinks. The party is set for Monday December 4 at 6:30 p.m.
